

Five-Minute Job Extension Request

Original estimate: five minutes. Based on absolutely nothing.

Job that was supposed to be simple

Genius behind the estimate

01 / SCHEDULE RECONCILIATION

Time spent so far

Time spent finding the right tool

New estimate

02 / UNEXPECTED DEVELOPMENTS

- | | |
|--|--|
| ☐ Right part. Wrong truck. Other state. | ☐ The bolt is rounded. So is my patience. |
| ☐ The drawing has a sequel. | ☐ "Just loosen it" became archaeology. |
| ☐ The one tool I need has fucked off. | ☐ A quick question attracted a committee. |

03 / CURRENT STATUS AND REQUESTED SUPPORT

- | | |
|---|--|
| ☐ Nearly done. Allegedly. | ☐ Still removing the previous guy's solution. |
| ☐ An audience reduction, please. | ☐ Bring back the genius who quoted it. |

Which calendar are we using for these five minutes?

SCHEDULING DETERMINATION

Extension granted. "Real quick" was bullshit.

Revised due date: after the next unexpected development.
